

Application for Partial-Retirement Status
(for Appraisers with Reduced Work Production)

A significant number of appraisers, after reaching the age of 75, continue to do appraisal work but at a reduced level while beginning the retirement process. ASA designated appraisers in this category can be a continuing resource to ASA and its Chapters. Designated appraisers reaching the age of 75 years may be entitled to a dues reduction as part of a Partial-Retirement membership because of age and reduced level of appraisal work based on the following:

1. Qualifications for Partial-Retirement status shall be:
 - a. Senior or Fellow member (or both) of the Society in good standing for not less than twenty(20) years.
 - b. At least 75 years of age. (Member must provide proof of age)
 - c. The member must affirm that he or she has reduced work production by 50% or more, from full time appraisal work.
2. Partially retired members are required to meet all reaccreditation requirements; however, the requirement is reduced from 100 hours to 75 hours every five years. Discipline-specific USPAP continuing education requirements are still required and may be used toward the 75 hour requirement.
3. The Annual Dues for this Partial-Retirement status shall be fifty percent (50%) of the current fiscal year's International Dues.
4. The Partial-Retirement status entitles the member to all the rights and privileges conferred by the Society.

I, _____, of the _____ Chapter, hereby apply for Partial-Retirement status in the American Society of Appraisers. I declare that I have been a Senior or Fellow member (or both) of the Society in good standing for not less than 20 years and that I am 75 years of age or older, and that my work production is or has been reduced by 50% or more, from full time appraisal work.

A copy of my proof of age is enclosed.

Signature _____ **Date** _____

Please return this form to ASA International Headquarters, 2121 Cooperative Way, Suite 210, Herndon, VA 20171.
