Campaign Statement

Hello, my name is Greg Skelton. For those of you I haven't met, I am an Accredited Senior Appraiser, currently serving as bank-owned equipment leasing and finance company asset manager; after having practiced as an independent fee-based appraiser for a number of years.

I am honored to be nominated to serve on the MTS Discipline Committee for the Member-At-Large position. When I first joined ASA years ago, I was privileged to meet a number of appraisers who took me under their wing and became my colleagues and mentors. They not only educated me, but they encouraged me and guided me, introducing me to people and ideas that would challenge me to grow, both personally and professionally.

I often wondered why they took an interest in me and invested so much of their time helping me. Looking back, I realize that each of them had one very important thing in common, each had served or was currently serving on the MTS Committee. These men and women feel very strongly about service and duty and are passionate about the profession that has given them, and all of us who practice it, so much.

To these people, it is a calling not only to provide leadership, governance, and guidance but to also work to ensure the future and vibrancy of the profession itself by investing in those coming behind us. They realize that there is still, and will always be, work to be done. There is always progress to be made.

Now, it's my turn and my opportunity to do the same; to join the cause and help make ASA better, not just for those of us who practice daily, but for the next generation.

I ask that you please give me that chance. I humbly ask for your vote this May.

Thanks to all. Stay safe.
