Why do you feel you are qualified for this position? Include information on past volunteer positions with ASA and other organizations.

I believe that the leadership skills developed throughout my Air Force career enable me to examine issues and problems with an open mind and a broader perspective.

Since real property has been my focus for over 20 years, I believe I have the experience necessary to help with the continued transition of our merged members and to help improve communication with those members.

I also have several past national presidents in our local chapter who I can rely on for advice and mentoring.

What contributions have you provided ASA as a member or to a comparable organization(s)?

I have served as a Member-at-Large on the ASA Real Property Committee and I have been the local Chapter President since 2018. I am also an instructor for our local chapter.

What do you wish for ASA's members?

My wish for the members is that they become more involved, especially at the local level. I would encourage them to attend meetings and stay current on what ASA is doing to help our profession.

What do you wish for ASA in the profession?

I want ASA to be active, not only in lobbying for our profession with legislatures, but to improve communications with our members. Many don't know what ASA has done for us.

Why should members vote for you?

I think my military background imparts a distinctive leadership foundation, distinguishing me from independent business owners who may not oversee a team of employees.
