I have enjoyed international valuation experience with Deloitte LLP, DIFC working as a regional financial advisory partner covering UAE (Dubai, Abu Dhabi), Saudi, Qatar, Bahrain, Egypt and Oman. My vision is to elevate the ARM program for a global audience. This is achieved through membership growth, and international education by attracting more global VPOs, appraisers and valuers. As a cross-border appraiser working with international firms across North America, Europe, Middle East and Asia for over two decades, I am well positioned to make contributions to achieve the vision for a global ARM, in line with the 3 pillars of education, membership and marketing.

What do you wish for ASA in the profession?

A global presence for ASA to reach potential new members worldwide will benefit existing members with international connections and business opportunities. With ASA recognized as the world leader in valuation review and management, the ARM committee will further efforts to expand outreach and professional growth.
