Campaign Statement

I believe in the power and importance of ASA, having committed all in to volunteering with ASA. I have served as the BVC Secretary for the last four years and am very excited at the possibility to transition into Vice Chair. Having served on the BVC for the last six years, I am proud of the discussions at the committee level and what we've been able to accomplish (take, for example, the BVC Challenge Cup). I fully dedicate myself to my volunteer roles, and since taking a leadership position at ASA, have served on conference planning committees, serve as a member of the Board of Examiners and ran for a leadership role (as Secretary). I have also been honored to take on the additional role as a co-instructor of BV 204

and BV 101. I think the ASA is the premier appraiser professional designation and increasing our membership is critically important. I want to ensure that our educational offerings are beneficial to members and attract new members, all of which will be part of my goals as Vice Chair. It has been an honor to serve the ASA for the last 7 years and look forward to many more.
