

Michael A. Salvadore Jr.

Election Biography

Michael A. Salvadore Jr., ASA MT&S
President/Managing Member Kingfish Capital Advisors, LLC | Narragansett RI
B.S.- THE University of Rhode Island College of Business 1984
ASA Member since 2002
Immediate Past President: Boston Chapter
Current Committee Positions:
Board of Directors International Virtual Chapter
MT&S Representative to Ethics Committee
MT&S Committee At Large Member
MT&S Education Committee

Why do you feel you are qualified for this position?

For approximately 17 years I was an officer in the Boston Chapter. Most recently (2019-2021) I was President of the Boston Chapter. Maintaining the chapter during the COVID years was a challenging endeavor that reinforced the need for a strong membership, worthwhile education programming and highlighted the importance of the network of appraisers in our society. My recent participation in the Ethics Committee and the Board of the International Virtual Chapter have only reinforced my belief in the need for a strong society, continuing education, and the strengthening of the bond amongst appraisers. As Governor of MT&S, I will work to expand educational offerings and to further increase the value of membership in the ASA.

What contributions have you provided ASA as a member or to a comparable organization(s)?

I have been an officer of the Boston Chapter for 17 years and served as President from 2019-2021. I currently sit on the Ethics Committee as the MT&S Representative, I am a member of the MT&S Education Committee and have recently joined the MT&S Committee as an At Large Member, and I am a member of the Board of Directors of the International Virtual Chapter. Outside of my commitment to the ASA, I volunteer my time to The Tomorrow Fund, a non-profit dedicated to assisting families who are dealing with pediatric cancer. The Tomorrow Fund is based at Rhode Island Hospital and provides financial assistance for families with children with cancer, including direct money assistance, counseling, advocacy and emotional support.

What do you wish for ASA's members?

Outside of good health? Prosperity and opportunity. Opportunities to apply the education, experience, and talents that ASA appraisers have, and the ability to prosper from their work, grow and achieve personal and professional goals.

What do you wish for ASA in the profession?

It is my hope that the ASA will grow to be a brand that is instantly recognizable to the users of appraisals and valuation services and that the ASA will be the "go-to" source for the highest professional achievement for an appraiser, and the ASA, as an organization, will be universally recognized as the preeminent society for appraisers.

Why should members vote for you?

After reading my answers to the following questions I hope that my commitment to the advancement, strengthening, and growth of the ASA becomes clear. As Governor of the MT&S Committee, I will work to advance the interests of MT&S appraisers within the Society and to grow brand awareness of the MT&S designation.
