[Tyler J. Arbour](#) | Shareholder | Lugenbuhl, Wheaton, Peck, Rankin & Hubbard

William Tomlinson, CRPC | Wealth Advisor | Independence Wealth Advisors

[Jack Beckwith](#), ASA | President | EAGI

[Charles C. Dixon](#), ASA (MTS-ARM), CSA | President/Owner | CD Valuation Services

This will be a highly interactive session sharing ideas about succession planning options for the small practices and sole practitioners. Seasoned practitioners will walk away with options and a list of things to not overlook. Younger professionals may just find a new

opportunity. If you have already had success in this area, please also join us and share your experiences.

1:30 – 2:30pm

[ARM/Multi-Discipline]

Understanding The Ad Valorem Market

[Mike Pratt](#), ASA, IFA, IAAO-P, CFE, CAM | Director, Education Services Division | Palm Beach County Property Appraiser

[Richard Conti](#), ASA, ARM, MAA | President | Conti Appraisal Service

This session will acquaint the MTS, PP, RE and Business Valuers with the Ad Valorem Market presented by two sitting Tax Assessors. Representing large and small jurisdictions, the assessors will detail how appraisers get business from municipalities and county jurisdictions and what is expected of them. Actual case histories will be examined including appraisals focused on the income and market approaches. Appraisal Review case histories will be included in the presentation. As a result of attending, appraisers will have an orientation to develop their participation in this large market understanding the assessment process, protocols and opportunities.

2:35 – 3:35pm

[ARM/Multi-Discipline]

The Daubert Standard: An In-Depth Review of the Admissibility of Expert Witness Testimony

[R. David Bolls](#), III, LL.M. (Taxation) | Of Counsel | Leigh Law Group P.C.

The in-depth review will provide an outline of the well-known Daubert standards and examine recent case law in order to better assist appraisers to survive Daubert challenges during their expert witness testimony. The review will emphasize the role of the expert witness appraiser, study notable past U.S. Supreme Court cases, examine recent case law opinions and pending appeals which could have an impact on the appraiser's present and/or future standards of practice when substantiating an appraisal opinion as an expert witness.

4:00 - 5:30pm

[ARM/Multi-Discipline]

Necessary Preparation for Depositions and Key Distinctions Between Deposition and Trial Testimony

[Edward "Ed" Kainen](#) | Managing Member | Kainen Law Group, PLLC

The program will focus on the knowledge and skills helpful in successfully preparing to have your deposition taken. It will address the different types of testimony that an expert witness may offer and focus on the types of testimony that will be most beneficial in a deposition setting as well as the different type of testimony most beneficial in a trial setting. The program will enable the expert witness to skillfully navigate and be successful in both situations.

7:40 – 8:25am

[ARM/Multi-Discipline]

Building Trust in the Appraisal Profession

[Robert B. Morrison](#), FASA | Member, Board of Trustees | The Appraisal Foundation
[David Doering](#), ASA | President | Missouri Property Appraisal, Inc.
[David Bunton](#) | President | The Appraisal Foundation

The appraisal profession is facing unprecedented headwinds from the public and from regulatory agencies. Major challenges include the “Silver Tsunami” and a growing scarcity of qualified appraisers, allegations of bias and discrimination in appraisals, and lack of diversity among appraisers. Learn what The Appraisal Foundation is doing to combat these challenges and what you might do to help.

8:30 - 9:30am

[ARM/Multi-Discipline]

Post-Pandemic Reality: Working in Remote Teams

[Carlos Lavin](#), ASA, MRICS | President | Appraisals International
[Natalia Szubocsev](#) | Director of Operations and Sales | Appraisals International

Even before the pandemic, most appraisers conducting site inspections and appraisal consultants/subcontractors worked remotely. Since then, many aspects of how we work have changed radically. The US Census shows that between 2019 and 2021, the number of people primarily working from home tripled from 5.7% (roughly 9 million people) to 17.9% (27.6 million people), What are the challenges of managing and working with a remote (and global) team? Come and listen to the experiences of the leaders of an appraisal consulting group that enlists team members from four continents (and countless time zones).

9:35 - 10:35am

[ARM/Multi-Discipline]

Determination of Value in Bankruptcy Proceedings

[Christopher T. Caplinger](#) | Shareholder | Lugenbuhl, Wheaton, Peck, Rankin & Hubbard

The presentation will focus on the unique aspects of valuation of assets, claims, and businesses for various purposes in bankruptcy proceedings. Specifically, the presentation will include a discussion of the importance of both the point in time relevant to the valuation as well as the particular bankruptcy purposes of the valuation. Finally, the presentation will discuss changes in value and valuation during a bankruptcy case and the role of valuation determinations in different and potential bankruptcy-related litigation and proceedings.

11:00am - 12:30pm

[ARM/Multi-Discipline]

THE PERFECT STORM...Convergence of Inflation, Climate Risk and Social Inflation

[Peter Jagger](#) | Managing Director/Senior Vice President | Aon
[Kevin J. Madden](#) | CPSU, ARM Managing Director - Real Estate Practice Leader | Aon
Brian Valery | Director, Risk Management | Empire State Building
[Ed Mazman](#) | Executive Vice President | Ironshore Property Insurance

This presentation panel will provide a multi-discipline perspective on challenges on reported values facing Insurance Brokers, Claim Professionals, Insureds and Underwriter.

1:30 - 2:30pm

[ARM/Multi-Discipline]

Standards of Value - It Impacts All of Us

[Gary R. Trugman](#), FASA, CPA/ABV, MVS | President | Trugman Valuation Associates, Inc.

This session is going to discuss how the standards of value in other disciplines impacts our own valuations, particularly when we must incorporate other types of properties into our work product. Learn what a business appraiser needs depending on the standard of value that may be mandated by certain types of valuations. This session will discuss the importance of understanding the standards of value from the other disciplines when relying on other appraisers' work.

3:00 – 4:00pm

[ARM/Multi-Discipline]

\$80 Billion and 87,000 Additional IRS Employees and Valuation

[Michael A. Gregory](#), ASA, CVA, Qualified Mediator with the Minnesota Supreme Court | Founder and Chief Manager | Michael Gregory Consulting, LLC

The Inflation Reduction Act will provide the IRS \$80 billion additional dollars and will be adding 87,000 employees over the next 10 years. During this session Mike takes a look at the IRS strategic plan, public information available from the Treasury Department and IRS, and shares with you his insights of what this may mean overall related to business valuation in the IRS Engineering Program where the business valuers are located. Both short term and longer-term implications are presented to give business valuers an idea of what may expect in the future given IRS objectives.

4:05 –5:05pm

[ARM/Multi-Discipline]

Federally Regulated Transactions and USPAP

[Raymond Rath](#), FASA, CEIV™, CFA | Managing Director | Baker Tilly US, LLP

[Carla Glass](#), FASA | Managing Director | Marcum LLP

[Michael H. Evans](#), FASA | President | Evans Appraisal Service, Inc.

This panel will discuss Federally Related Transactions (FRT) - one of the key drivers requiring USPAP compliant valuations. Real estate represents a key discipline where many projects are classified as FRT. Surprisingly, financial reporting valuations, a significant area of practice for many BV appraisers, are not currently classified as an FRT. Our panelists will explore FRTs and USPAP compliance issues.
